

## **OGP MeasureMind3D Measure X Touch Probe**

### **COURSE DESCRIPTION**

A one-day course covering the basics of touch probe for OGP MeasureMind 3D multisensor vision system software

The course will incorporate several exercises to emphasize dimensional measurement concepts using the touch probe.

### **COURSE OBJECTIVES**

Upon completion of this course, the attendee will be able to:

1. Configuring Settings
2. Configuring Probe Stylus and Change Rack
3. Calibrating Touch Probe and Change Rack
4. General Touch Probe Functions
5. Touch Probe Features in Model Window
6. Touch Probe Measurement Terms
7. Measuring Features with the Touch Probes
8. Running a Routine with Optical and Touch Probe Measurement
